

REMARKS

Claims 6-8, 13-15 and 21-27 are currently under consideration. The specification has been amended to incorporate SEQ ID NOs in compliance with 37 CFR 1.821(d).

Applicants request consideration and entry of the present comments and amendments.

Applicants note that the Examiner mailed an Interview Summary on March 23, 2006 indicating that certain errors had been made in the Office Action mailed November 29, 2005. Applicants note that the supervisory Examiner indicated that the entire Office Action mailed November 29, 2005 would be vacated.

Therefore, Applicants believe that the status of "After Final" should also be vacated. In an abundance of caution, Applicants are using Mail Stop "AF" for all communications until such time that the Office Action mailed November 29, 2005 has been formally vacated.

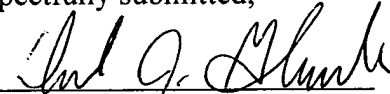

CONCLUSION

If it is determined that a telephone conference would expedite the prosecution of this application, the Examiner is invited to telephone the undersigned at the number given below.

Applicants believe no fee is due with the instant amendment. In the event the U.S. Patent and Trademark Office determines that an extension and/or other relief is required, applicant petitions for any required relief including extensions of time and authorizes the Commissioner to charge the cost of such petitions and/or other fees due in connection with the filing of this document to **Deposit Account No. 03-1952** referencing docket no. 220002060310. However, the Commissioner is not authorized to charge the cost of the issue fee to the Deposit Account.
